PUBLISHERS' NOTE

The information in this directory is gathered by an actual house to house canvass, and is compiled in a way to insure maximum accuracy.

The Publishers cannot and do not guarantee the correctness of all information furnished them nor the complete absence of errors and omissions, hence no responsibility for same can be or is assumed.

The Publishers earnestly request the bringing to their attention of any inaccuracy so that it may be corrected in the next Directory.

HENDERSON DIRECTORIES, LIMITED
PUBLISHERS

Introductory

The present volume constitutes the 1931 edition of Henderson's Directory of Moose Jaw. The work embodies a complete epitome of the civic, commercial, social, and industrial interests and activities of the municipality. It is a modern Directory in all its parts and includes all the essential features which have been proven so satisfactory to our patrons in previous issues; these have been retained and amplified, and improvements have been added as suggested by experience in order to add to the value and usefulness of the Directory, thus fully meeting the requirements of patrons; the approbation and continued patronage accorded the work are constant incentives to better service.

The publication has had the benefit and advantage of the complete organization and resources of the publishers, and of the skill and experience of their corps of enumerators and compilers added to the courteous co-operation of citizens, in the production of the volume.

THE DEPARTMENT OF MISCELLANEOUS INFORMATION

THE DEPARTMENT OF MISCELLANEOUS INFORMATION is included in pages 21 to 60 and contains data concerning City, Provincial, and Federal Government offices, commercial organizations, cemeteries, churches (denominational and miscellaneous), colleges and schools, hospitals, homes and asylums, building exchange and associations, institutes and societies, libraries, military organizations, public schools, secret societies, etc.

THE STREET AND AVENUE GUIDE

THE STREET AND AVENUE GUIDE is embraced in pages 69 to 118, in this feature the names of all streets and avenues are arranged alphabetically, giving the location, number on the street and showing the occupant.

The intersecting streets are shown in the order that they come.

THE BUYERS' GUIDE

THE ADVERTISING occupies pages 1 to 20, this section of the Directory printed on colored paper, includes numerous advertisements of the leading manufacturing, business and professional interests. A casual perusal of these advertisements will picture many interesting phases of the city's activities. They are not display advertisements, primarily, however, but rather are reference advertising at its best. The need for this kind of information readily at hand is very great, and the general appreciation of this need is evidenced by the liberal patronage the city Directory enjoys in many and varied lines of trade.

THE ALPHABETICAL DIRECTORY

THE ALPHABETICAL LIST OF NAMES of citizens, business firms and corporations covers pages 121 to 351.

THE CLASSIFIED BUSINESS DIRECTORY

THE CLASSIFIED BUSINESS DIRECTORY occupies pages 353 to 402 and exhibits the various manufacturing, mercantile, and professional names, compiled under headings appropriate to the class of industry or profession followed.

ADVERTISING MOOSE JAW

An important function of the Directory is to set forth the characteristics and advantages of the city as a place of residence, as a business location, as an industrial site, and as an educational centre. The Directory acts as a mirror, reflecting all that is noteworthy in the city in the above respects. In order to spread this information regarding the city broadcast over the country, where they are readily available for reference use by the public. There they serve as perpetual advertisements of Moose Jaw, for business men the country over realize that the City Directory represents the community as it really is.

The publishers take this opportunity of thanking the citizens for valuable assistance rendered in the way of furnishing information concerning themselves, their friends and their business interests for this Directory, and also the public-spirited and progressive business and professional men for support given in the way of patronage.

Respectfully, The Publishers

HENDERSON DIRECTORIES LIMITED.

City of Moose Jaw

Moose Jaw is situated in the geographical centre (east and west) of the province, 390 miles by air from either Winnipeg or Calgary, and is the most important railway centre in the province. It is the headquarters for the province of the Canadian Pacific Railway, whose local employees exceed 1,500. The City is the Canadian terminus of the Soo Line, running direct to Minneapolis, St. Paul and Chicago, and is a divisional point on the Canadian National Railways. Twelve lines of railways radiate out of the city making it one of the most important distributing centres in Western Canada.

Moose Jaw is the Pivotal point on the Western Canada Air Mail Route for mail and passenger service, which is now operated daily from Winnipeg to Calgary, via Moose Jaw, and from Moose Jaw to Edmonton.

Moose Jaw is situated at the intersection of the two main all-weather roads in the province. No. 1 Highway traversing the province from east to west, and No. 2 Highway traversing the province from the United States boundary on the South to the Prince Albert National Park on the north and is the terminus of the Soo Line (No. 39) all-weather Highway running direct from north Portal on the U. S. Boundary to Moose Jaw.

It is the most British city in the province, the 1926 census revealing the fact that over 84% of its population is of British origin, and that fully 89% of its inhabitants were born within the British Empire.

Main Street, showing Post Office

The city nestles in the valleys at the junction of Thunder Creek with the Moose Jaw River, at an elevation of 1778 above the sea level, has a very bracing climate and its winters are tempered with chinook breezes from the Rockies. It is pre-eminently a city of beautiful homes and splendid parks. Since the day in September, 1857, when Captain Palliser

found the Cree Indian encampment on the banks of the River, when the Canadian Pacific Railway reached the spot in 1882, and owing to the abundant supply of water, made it the centre for its operations in the province; when the town was created a city in 1903, until today, its beautiful location has made it the gem of the Western Prairies.

Moose Jaw is one of the most important industrial centres in the province, its principal industries being based on the products of the rich and prolific soil by which it is surrounded. The following figures for the quinquennial period 1924-1928 are interesting, revealing the great increase which has taken place during the five year period in the growth of the city's industries:

	1924	1928	percentage inc.
Capital	\$2,860,176	\$6,885,158	140%
No. of employees.....	635	879	38.4%
Salaries and wages.....	\$902,000	\$1,268,872	40%
Cost of materials.....	\$6,811,956	\$10,580,997	55.3%
Gross value of products	\$9,471,153	\$14,473,385	52%

Moose Jaw is known throughout the Dominion as the home of Robin Hood Flour. These mills have a daily capacity of 4,000 barrels of flour and 1,250 barrels of rolled oats, in addition to having an elevator capacity of 1,703,000 bushels. The Swift Canadian Company, Limited, operate a large packing plant, having a daily capacity of 270 cattle and 750 hogs. The Harris Company also operate an abattoir and packing plant.

The Southern Saskatchewan Stockyards is located here covering an area of fully twenty acres, with direct railway connections on both the Canadian Pacific and Canadian National Railways. The Yards have accommodation for 7,000 cattle, 3,000 hogs, and 5,000 sheep, and does the largest business of any yards in Western Canada with the exception of Winnipeg and Calgary. The Saskatchewan Feeder Show and Auction Sale held annually in October is one of the most important stock events in Western Canada.

Another important industry with headquarters in Moose Jaw, is the Saskatchewan Registered Seed Growers, Limited. The company distributes large quantities of registered grain all over Western Canada, and at the end of last year occupied their new home, a handsome reinforced concrete sixteen storey structure, erected at a cost of nearly half a million dollars.

Viaduct over valley of Thunder Creek

The Dominion Fire Brock and Clay Products Company, with works at Claybank to the south east of the city, has a plant capacity of 45,000 bricks daily, and an addition capacity for fire brick refractory shapes etc.

The Dominion Government have an interior storage elevator of five and a half million bushels. This elevator is equipped with the most modern facilities for the treatment of damp or off grade grain.

There are two up-to-date creamery plants, a modern millwork plant, foundry oil refinery and many other allied industrial plants.

In 1927 Moose Jaw was created a Grain Inspection Division, a development that is having far-reaching effects, not only in respect to the City itself, but also throughout the extensive district tributary to Moose Jaw. In view of the enormous tonnage of grain passing through Moose Jaw over both great transcontinental railways, Moose Jaw, in a few years, is destined to share with Winnipeg the many practical benefits that accrue by reason of its being one of the great centres of the highly developed and ever expanding grain trade of North America.

The first school district in the North West Territories was established in Moose Jaw — with School District No. 1 in Dec. 1886, and ever since it has maintained a pre-eminent place in education. It has 10 public schools, two collegiates, three residential colleges, a Government Normal Training School for teachers, and this year there is being completed a Technical School at as cost of \$450,000. There is also a Public Library with 40,000 volumes.

With characteristic energy Moose Jaw's early founders commenced the founding of religious institutions in 1883, and at the present time, there are some very fine church edifices, particularly St. Andrews United, which has the largest auditorium in Western Canada.

Moose Jaw's Wild Animal Park — 480 acres in extent — is unique among Western cities. The park is one of nature's beauty scenes, nicely treed and with the Moose Jaw River winding through it. In the park are to be found buffalo, English fallow deer, Rocky Mountain Sheep, Moose, Elk, Bears, a number of caged animals besides many birds.

There are two splendid golf courses, tennis courts, lawn bowling, an Aquatic Club, a beautiful wading pool for children in Crescent Park and many other forms of recreation.

Tourist Camp at River Park

The Tourist Camp is located in the beautiful River Park and has every facility and convenience for the travelling tourists.

Moose Jaw has two Radio Broadcasting stations, a commercially owned and operated station "C.J.R.M." and a station "I.O.A.B." operated by the citizens.

Moose Jaw is well supplied with wholesale houses and its retail stores would do credit to a city many times its size.

MOOSE JAW COLLEGE

This is a Residential College for young men and boys of all ages. The institution is under the supervision of the United Church of Canada, but is non-sectarian. Students are admitted at any time during the term, and their fees are proportionate for the time spent. The curriculum covers grades 9 to 12 inclusive. Candidates are prepared for first and second class teachers' certificates and junior and senior matriculation. The new buildings are situated on the top of College Hill overlooking the city on a site of forty-five acres. The College grounds are bounded by 7th Avenue S. E., Coteau Street, 9th Avenue S. E., and the Canadian Pacific Railway, and are on the east side of the Moose River adjoining River Park.

EMMANUEL COLLEGE

In Affiliation with the University of Saskatchewan

The College is governed by two bodies, a Statutory Council, composed of ex-officio and elected members. Its appointment is regulated by canon and the elected members retire by rotation. Also by a Board of Governors appointed by the Colonial and Continental Church Society of London, England. The Council grants standing in Theology, and the Board controls all matters affecting the welfare of the College, and the Proceedings of the College are reported annually to the synod of the Diocese of Saskatchewan. The Educational Committee is made up of the Faculty, together with the Bishop, and three clerical and three lay members of the Board of Governors.

The College provides: (1) an associate course in Theology, (2) a pass course leading to the Testamur, (3) a course leading to the Licentiate of Theology, and (4) a course leading to the Degree of Bachelor of Divinity.

Thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

A Printer is Known

The large book and job printing business built up by The Times Company Limited over a period of thirty-seven years, is the result of courtesy and good service rendered our customers by expert craftsmen having at their command the most modern automatic printing presses and type casting machines, with the newest styles in type faces and new type cast for each job.

Satisfactory work and service for the smallest job as well as for the largest and most intricate color and ruled work is the enduring foundation on which we build.
